HOPE

HOPE is the spiritual principle behind the 2nd Step. Hope has been defined as a yearning for something that is attainable or a belief that something is feasible - that something is within reach. It fuels our faith in a power greater than ourselves. It can overcome despair; it can be a motivator for change; an acknowledgement of being vulnerable to something greater than ourselves. It can be a source of strength; a willingness to be vulnerable and open to help. It helps us to foster resilience and persevere through obstacles as we move forward and continue our spiritual growth in the program of Alcoholics Anonymous.
