FAITH

Step 3 – Made a decision to turn our will and our lives over to the care of God as we understood him. The spiritual principle behind Step 3 is FAITH. One of the definitions of FAITH is to have a strong belief in a higher power based on spiritual apprehension rather than proof. I definitely had “spiritual apprehension” and was always very skeptical of the presence of God, or that FAITH would work for me. Through the process of working the steps, and participating in the program of Alcoholics Anonymous, I have come to believe that there IS a higher power of my understanding that IS greater than me. I kept hearing in AA meetings that with FAITH in that power, my problems would be lessened, and my life would change. Thy putting this into practice - it has come true for me.
